

We The People of the United States of America, in order to

preserve, protect, and defend our “more perfect union,” must act **now!** The chart below represents one day’s worth of trading on the Dow Jones Industrial Index, despite promises from Treasury Secretary Paulson, Fed Chairman, Ben Bernanke and President George W. Bush that ‘confidence’ is being put back into the market. This is also despite the US Taxpayers giving up \$700 Billion towards this ‘plan’ to instill confidence. Does this LOOK like confidence to you?

The fact is, NONE of this so-called ‘plan’ will work! The ONLY thing that WILL work is to restore TRUST to the system and the only way that can be done is by forcing each and every one of these companies to pull their ‘assets’ out of hiding. No more phantom accounting. No more legalized fraud! It must be done now, within 24-hours or the United States will follow Iceland and worse. Worse because we are the world’s reserve currency and we will literally pull down each and every country on the planet. Worse yet, is for those of us who are Americans, WE WILL LOSE OUR COUNTRY ENTIRELY!!!!

Each and every one of you reading this must right now, and continuing until this is done, call your Congressman, call the White House, call every single media outlet, every newspaper, every person you can possibly tell and DEMAND RIGHT NOW THAT OFF-BALANCE SHEET FRAUD BE STOPPED EFFECTIVE IMMEDIATELY!

THIS IS OUR ONLY HOPE.

AMERICA’S FUTURE NOW LIES IN THE HANDS OF HER PEOPLE

Her government has not only led us to this place, but has completely failed to protect her.

WILL YOU ALLOW THIS TO HAPPEN?
